DECORATIVE OVERVIEW

WARRANTY

All decorative glass products sold by Verre Select come with a limited 10 years warranty. For complete warranty please go to www.verreselect.com

NOTES

The pictures might have some small differences of colours and textures with the real product. Verre Select reserves the right to modify the composition of the products shown in this brochure.

The "art glasses" used in our production of decorative units may show certain variations in the "pattern", light air bubble and channelled glass which are integral part of the product.

The technique used for antique welded lead is hand made. A "reddish-brown" colouration, that resembles the look of "rust" is sometimes evident and is inherent of this came product, particularly at the solder joints. This will not be considered a defect.
